## SMART INTERFACE FOR AN ENHANCED DRIVING EXPERIENCE

ZZPlay is the **smart module from ZZ2 that transforms your vehicle's multimedia experience.** Compatible with **CarPlay and Android Auto**, it lets you connect your smartphone quickly and conveniently, bringing navigation, music, calls, and applications directly to the car's original screen.

With simple installation and discreet integration, ZZPlay maintains the OEM aesthetic and ensures fluid use, without the need to replace the head unit. More than an accessory, ZZPlay is the evolution of automotive connectivity: designed to offer convenience, safety, and entertainment

### KEY FEATURES

-  **Wireless CarPlay and Android Auto:** Wireless connection to access maps, music, messages, and apps directly on the original screen.
-  **Plug & Play:** Simple and quick installation, without invasive modifications.
-  **Input for front and rear cameras:** Compatible with additional cameras for greater safety.
-  **Dynamic lines:** Visual guides that facilitate parking maneuvers.
-  **zOS operating system:** Ensures fast and fluid connectivity.
-  **3-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

# COMPARISON CHART

## FEATURE

## OTHER BRANDS

### Smartphone Connection

✓ Wireless CarPlay and Android Auto

✗ Typically Wired connection for CarPlay/Android Auto

### Operating System

✓ zOS for Fast and Fluid Connectivity

✗ Based on older, slower generic or proprietary systems

### Camera Input

✓ Supports Front and Rear cameras

✗ Often supports only a rear camera or requires extra modules

### Parking Guidance

✓ Features Dynamic Parking Lines (moving visual guides)

✗ Static reference lines or none at all

### Product Warranty

✓ 3 Year Warranty Plus In-House US Based Tech Support

✗ No Tech Support or Limited Overseas tech support

# DI PLAY

## SCREEN REPLACEMENT

DizzPlay is the ultimate solution from ZZ2 to **upgrade your vehicle's original screen to a larger HD touchscreens available in 8", 10.25" and 12" in select year, make and models, with a modern, touch, high-resolution system.** Designed to easily replace OEM screens, it offers total compatibility with wireless Apple CarPlay and Android Auto, maintaining integration with the car's original Bluetooth and microphone.

Equipped with the zOS operating system, it provides a fluid, fast, and visually modern interface, aligned with ZZ2's characteristic design. Additionally, it features inputs for front and rear cameras (on some makes and models), USB media playback, and an elegant design that fits perfectly into the vehicle's interior.

 **WORKS JUST LIKE FACTORY ONLY SMARTER AND BETTER**

COMPATIBLE WITH

## KEY FEATURES

-  **Wireless CarPlay and Android Auto:** Wireless connection to access maps, music, messages, and apps directly on the original screen.
-  **Larger HD resolution:** Enhanced visual processing for improved clarity and definition.
-  **Input for front and rear cameras\*:** Compatible with additional cameras for greater safety (\*on specific models).
-  **Full OEM retention:** Allows continued use of the car's original features, microphone and controls.
-  **zOS operating system:** Ensures fast and fluid connectivity.
-  **3-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.
-  **Media playback via USB:** Allows playing videos, music, and photos directly from a USB drive.

**ON-BOARD ENTERTAINMENT,  
STREAMING, AND SCREEN  
MIRRORING**

MPPLAY is the wireless multimedia center from ZZ2 that modernizes vehicles without an original system. With **wireless CarPlay and Android Auto**, a **6.9" touchscreen**, USB inputs, and a rear camera, it transforms any car into a connected environment. Its Linux system offers stable performance and a simple and quick Plug & Play installation.

**KEY FEATURES**

-  **Wireless CarPlay and Android Auto:**  
Wireless connection to access maps, music, messages, and apps directly on the original screen.
-  **High-definition screen:**  
Clear image and vibrant colors for better viewing.
-  **1 DIN / 6.9" screen:**  
Compact design that fits most vehicles.
-  **Input for rear-view camera:**  
Compatible with additional cameras for greater safety.

-  **Bluetooth audio transmission and hands-free calling:**  
Listen to music and make calls without disconnecting your phone.
-  **zOS operating system:**  
ZZ2 platform that ensures fast and fluid connectivity.
-  **USB and USB-C inputs:**  
Quick and versatile connection for different devices.
-  **1-year warranty:**  
Warranty that covers manufacturing defects and offers in-house US based Tech Support.

**CONVERTS WIRED CARPLAY AND ANDROID AUTO TO WIRELESS IN SECONDS**

Designed for vehicles with an original system or aftermarket radios equipped with wired CarPlay or Android Auto via USB, this module offers a **quick, stable, and hassle-free connection**. Just plug it in, and in seconds, your system becomes wireless, allowing you to use navigation, music, calls, and messages without taking your phone out of your pocket.

With Plug & Play installation, ZZAIR-DUO2 offers total convenience and instant synchronization for a modern, cable-free driving experience

**KEY FEATURES**

-  **Plug & Play:** Simple and quick installation through a direct USB connection.
-  **Total Convenience:** Enjoy all your phone's functions, without the hassle of cables.
-  **Instant Connection:** Quick and automatic synchronization for a fluid user experience.
-  **1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

\*Vehicle or aftermarket radio MUST be equipped with wired CarPlay

## 4 INTEGRATED STREAMING APPS

ZZAIR-PRO2 transforms your original system into a complete, wireless entertainment center. It allows converting wired CarPlay and Android Auto to wireless and directly accessing **Netflix, YouTube, Prime Video, and HBO Max**, all from the car's screen.

With Plug & Play installation, with no configuration needed, ZZAIR-PRO2 offers immediate connection, expandable memory via Micro SD, and stable performance for a modern and practical experience.

## KEY FEATURES

-  **Plug & Play:** Simple and quick installation through a direct USB connection.
-  **Total Convenience:** Enjoy all your phone's functions, without the hassle of cables.
-  **Port for Micro SD card up to 512 GB:** Much more multimedia content.
-  **1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

## THE ULTIMATE SOLUTION FOR SCREEN SHARING

ZZConnect+ takes on-board entertainment to another level. Designed to integrate perfectly with the vehicle's original system, it allows projecting your favorite streaming applications such as **Netflix, YouTube, Disney+, ESPN, live TV and more.**

**Ideal for combining with ZZPLAY, DIZZPLAY or MPPLAY,** it creates a complete, smart, and fully connected multimedia system. It offers a sharp image, fluid transmission, and compatibility with most original screens equipped with wired CarPlay. Turn your car into a true entertainment center with ZZConnect+.

### KEY FEATURES

-  **HDMI Plug & Play:** Quick installation through the system's original HDMI connection.
-  **No hotspot needed:** Streams directly from your smartphone.
-  **OEM Compatibility:** Works perfectly with the vehicle's original screen.
-  **1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

## THE MOST POWERFUL STREAMING INTERFACE

ZEUS ULTRA 2 takes performance to the next level with **128 GB of storage and 8 GB of RAM**, offering double the power of the previous version. With Android 13, it allows downloading applications from the Google Play Store and enjoying a fluid and modern multimedia experience.

Its Plug & Play USB connection makes it easy to install and fully compatible with wireless CarPlay and Android Auto, also supporting **4K video and split-screen function** to use two apps at the same time

## KEY FEATURES

- 
**Plug & Play:** Simple and quick installation through a direct USB connection.
- 
**8GB of RAM:** Increased speed and multitasking performance.
- 
**128 GB internal memory:** More space for apps and multimedia content.
- 
**Port for Micro SD card up to 512 GB:** Much more multimedia content.
- 
**1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

\*The vehicle must be equipped with a wired CarPlay input, and must have factory touchscreen.

## THE MOST POWERFUL STREAMING INTERFACE

ZEUS BMW converts the vehicle's original screen into a smart multimedia system, allowing you to **watch live TV, series, or movies from your favorite applications such as Netflix, YouTube, or Prime Video**, all controlled directly through the original BMW system.

With a Plug & Play USB connection, it offers quick installation, with no modifications, and total compatibility with the OEM interface. **Designed exclusively for BMW vehicles with wired CarPlay input**, it provides access to multiple applications, streaming, and a modern and fluid experience inside the car

## KEY FEATURES

-  **Plug & Play:** Simple and quick installation through a direct USB connection.
-  **4GB of RAM:** Stable performance and fast response for a fluid experience.
-  **64 GB internal memory:** Sufficient space for applications, videos, and updates.
-  **Port for Micro SD card up to 512 GB:** Much more multimedia content.
-  **1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

# BIKE2PLAY

Optional DVR camera

## WIRELESS CARPLAY AND ANDROID AUTO CONNECTIVITY FOR MOTORCYCLES

Bike2Play from ZZ2 transforms your motorcycle into a smart multimedia system with **CarPlay and Android Auto**, offering a safer and more connected ride. Its **5" touch screen with an IP65 resistant design allows access to maps, music, and calls without taking your hands off the handlebars**, even in rain or high temperatures.

Available in two versions: **Bike2Play and Bike2Play with DVR**, both offer stable **Bluetooth connection, simple installation, and universal compatibility with most models**. The DVR version adds front and rear cameras with recording via a memory card, providing additional safety on every journey

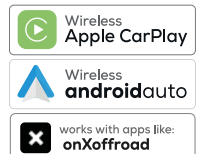

**Useful applications:** ATV, UTV, CAN-AM ATVS, Kayaks, Scooters, E-Bikes, Golf Carts, Marine, and much more.

Scan the QR code to explore our products in detail, watch demonstrative videos, check compatibilities and functions, and download official manuals. In addition, access [zz2.com](http://zz2.com) to discover all the news, view our complete range, and always stay informed about the latest ZZ2 innovations.

## KEY FEATURES

- 
**Wireless CarPlay and Android Auto:** Wireless connection to access maps, music, messages, and apps directly on the original screen.
- 
**IP65 resistant design:** Prepared for rain and high temperatures.
- 
**5" touch screen:** Total control and perfect visibility.
- 
**Secure mounting:** Compatible with the handlebar or dashboard.
- 
**Connection with Bluetooth helmet:** Easily connect compatible Bluetooth helmets to communicate with another rider or passenger.
- 
**zOS operating system:** ZZ2 platform that ensures fast and fluid connectivity.
- 
**1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

# COMPARISON CHART

## FEATURE

### BIKE<sup>2</sup>PLAY

## OTHER BRANDS

#### Environmental Resistance

IP65 Resistant Design (built for rain and high temperatures)

No IP rating or low protection against water/dust

#### Wireless Connectivity

Wireless CarPlay and Android Auto

Wired connection only, or wireless modules sold separately

#### Optional Safety

Version with Optional DVR Camera (front and rear recording)

Offers only the multimedia system, with no recording options

#### Audio Connectivity

Bluetooth Helmet Connection (seamlessly links your wireless helmet)

Only standard audio output or requires wiring for a headset

#### Platform/Use

zOS Platform (fast and fluid) for ATVs, UTVs, Scooters, etc.

Basic proprietary software focused only on road motorcycles

**Useful applications:** ATV, UTV, CAN-AM ATVS, Kayaks, Scooters, E-Bikes, Golf Carts, Marine, and much more.

**ZWAGZ**

**MULTIPLE LIGHT PATTERNS**

**THE SIMPLEST SOLUTION FOR FLASHING OEM LIGHTS WITH A PRESS OF A BUTTON**

ZWAGZ is the smart lighting module from ZZ2 that allows **activating the vehicle's OEM flash patterns** with just pressing a button. Ideal for **service vehicles, municipal fleets, rescue, or exhibition**, it improves visibility and safety in any environment.

Its Plug & Play installation is quick and requires no modifications, compatible with most **Ford, GM, RAM, Dodge, Jeep vehicles**, and more. It allows selecting multiple light patterns using the original light control (high beam lever) or the included button.

**KEY FEATURES**

**Plug & Play:** Connect it to the light module, BCM, or main connector without modifications.

**Pattern Selection:** Change the flash modes using the high beam lever, the included button or upfitter switch.

**Easy OEM Activation:** Control the lights directly from the vehicle's original controls.

**Quick Installation:** Ready to use in minutes, with no need for complex wiring.

**1-year warranty:** Warranty that covers manufacturing defects and offers in-house US based Tech Support.

# COMPARISON CHART

FEATURES		OTHER BRANDS
<b>Installation</b>	 Plug & Play! Installation in minutes without wiring complexity	 Installation TAKES HOURS TO INSTALL (4-6 Hours) + Drilling holes into oem headlight housings parts
<b>Activation Method</b>	 Multiple activation options: High-beam lever, push button, up-fitter wire, or key fob	 Manual switches, toggle buttons, or aftermarket systems
<b>Flash Patterns</b>	 Multiple unique flash patterns, including strobe mode for enhanced visibility	 Standard flash patterns, often limited to basic on/off
<b>Visibility &amp; Safety</b>	 Enhanced visibility for emergency, construction, and fleet vehicles	 Basic visibility with limited flash functionality
<b>Energy Efficiency</b>	 Low power consumption Sends only diagnostic commands	 higher power consumption power bulbs directly which generates heat
<b>Maintenance</b>	 Low maintenance: Uses factory wiring, bulbs and housing, virtually maintenance-free	 Higher maintenance, complex installation may require bulb changes or checks for leaks over time
<b>Scalability for Fleets</b>	 Fleet-ready: Easily scalable for emergency, construction, and municipal fleets	 May require different solutions for each vehicle model
<b>Customization</b>	 Customizable patterns for large orders, with pre-set patterns in standard kits	 Limited customization options, fixed factory settings
<b>Compatibility</b>	 Compatible with select makes and models, including Ford, GM and others	 Often requires custom solutions for each vehicle type
<b>Legal Compliance</b>	 DOT compliant for most emergency and construction vehicles	 May not always meet DOT regulations or vehicle-specific standards
<b>Upfront Cost</b>	 Lower initial investment, affordable cost-effective plus low to zero maintenance	 Expensive high cost plus long term expenses and maintenance
<b>Plow Mode</b>	 Specialized Plow Mode for optimal winter visibility and safety	 No specific mode for winter conditions
<b>Durability</b>	 ABS case and high quality PCB manufacturing designed specifically for your vehicle	 High amount of failure points due to complexity of installation
<b>Warranty</b>	 1-year warranty retail (Optional 2-3 year Warranty City & State) - some restrictions apply	 Varies, often with limited coverage
<b>Cost Efficiency (Long-Term)</b>	 Cost-effective due to low energy usage and fewer replacements	 Higher long-term costs due to frequent maintenance and higher energy consumption

### High-Amperage Support (48A):

Delivers maximum power efficiency for faster charging, handling heavy loads without overheating.

### Weather Resistant:

IP-rated construction ensures safety and durability in rain, snow, or dust, suitable for all-weather environments.

### Safe & Certified:

Built with grounding and insulation standards to prevent shorts and shocks.

### Tangle-Free Storage:

Heavy-duty coil and velcro handle for easy winding, storage, and transport.

### Ultra-Durable Jacket:

Industrial-grade insulation protects against cuts, abrasions, and heat.

### Heavy-Duty Plugs:

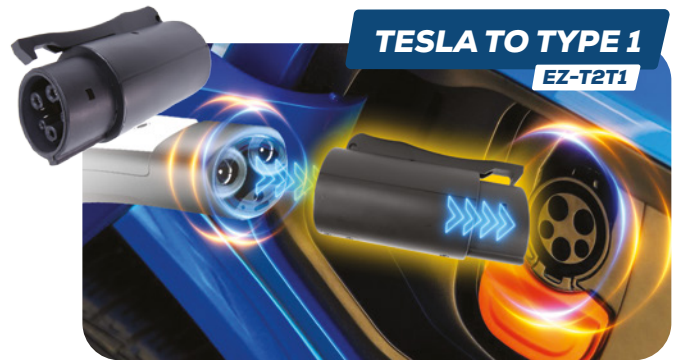

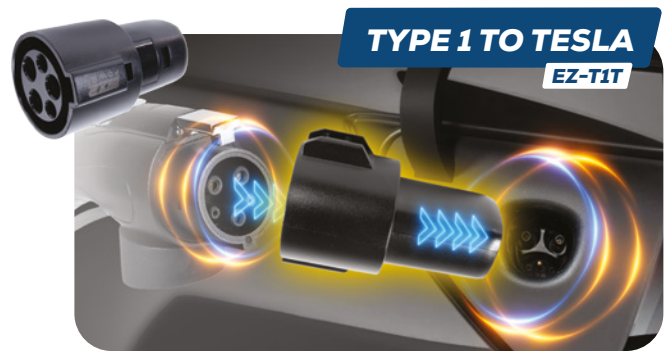

Reinforced male/female ends for secure, long-term connections.

**PORTABLE  
EV CHARGING  
ADAPTERS**

**Still Limited by EV Charging Compatibility?**  
Charge anywhere with ez2 power adapters the key to unlocking 5,000+ charging stations weatherproof materials for longevity.

**Wide Vehicle Compatibility:**

Works with standard EVs for maximum flexibility.

**Fast Charging Support:**

Compatible with DC Fast Charging (CCS1 to Tesla / Tesla to CCS1) to get you back on the road quickly and efficiently.

**Built-In Safety Features:**

Advanced locking mechanisms prevent accidental disconnection and ensure a stable, safe power flow.

**Compact & Portable:**

Travel-ready size with velcro, ideal for glove compartments, trunks or charging kits.

**Plug & Play:**

No apps, no setup, just connect and charge.

**Durable Build Quality:**

Engineered with heat-resistant and weatherproof materials for longevity.
